## PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Charles Crawford respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 300A at Tennessee Colony, Texas.

## DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 300A to Tennessee Colony, Texas as that community's first FM service. Tennessee Colony, Texas is an community with a population of 300 people and 26 businesses that have been given a credit rating by Dun & Bradstreet as of the last quarter of 2000.<sup>1</sup> Tennessee Colony is the home of the Windham School and has its own post office, city offices, and a number of local churches. Tennessee Colony is a community that is certainly deserving of a FM service. The proposed channel 300A will provide additional diversity and an outlet for local self-expression to Tennessee Colony residents and therefore is in the public interest.

Attached hereto is a channel study confirming that Channel 300A can be allocated to Tennessee Colony, Texas, consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992).

<sup>1</sup> Texas Almanac 2002-2003.

Reference coordinates for Tennessee Colony, Texas are:

31 46 31  
95 48 26

Should this petition be granted and Channel 300A be allotted to Tennessee Colony, Texas, Petitioner will apply for Channel 300 at Tennessee Colony and after it is authorized, will promptly construct the new facility.

The factual information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

Charles Crawford
